

Student Trainee Software Engineer (f/m/x)

With more than 40 international employees and headquarters in Berlin, **COMPLEVO**'s focus is on providing solutions for highly complex business processes. To this end, we have become experts in developing bespoke software solutions for our customers. "State-of-the-art, challenging, cutting edge, flexible, complex, exciting, simple, modern & elegant" ... are just some of the attributes that our colleagues use to refer to our software. We are always on the lookout for innovative solutions that benefit our customers, our projects, and our teams. And we do not lose sight of that which has been tried and tested. We are always open to new technologies and approaches, and grateful for any input and experience.

If you don't possess the full range of skills listed below, don't worry – COMPLEVO is the place to acquire new skills and perfect existing skills.

SKILLS	APS.NET Core	React / Angular	Docker	Microservices

WE AT COMPLEVO

We put people first. We offer all the advantages of a start-up company, including agile and lean management, short decision paths, and a supportive team atmosphere. However, you will not miss out on the benefits associated with larger companies, such as job security, a successful market positioning, and steadily growing success.
